To Whom It May Concern:

I am pleased to recommend Mr. Glenn Smith and his dramatic performance, "A Visit with Saint Paul."

I have attended one such performance and found that Mr. Smith is able to weave the teachings and life of St. Paul into a presentation that instructs and inspires. As he takes on the persona of Paul, he makes this remarkable man come alive as a person and as a teacher. He was able to hold the attention of both adults and young people.

It is well-worth considering sponsoring his presentation as way of helping parishioners and students come to know better the saint who played such a crucial role in the spread of the Gospel.

Grace and Peace,

Emil A. Wcela
Auxiliary Bishop, ret.
Diocese of Rockville Centre
